This mission directive prescribes the mission, organization, and responsibilities for the Air Force Reserve Command (AFRC), 954th Reserve Support Flight (954 RSPTF).

**1. Mission.** As the Air Force Element (AFELM) of the Joint Transportation Reserve Unit (JTRU), supports the United States Transportation Command (USTRANSCOM) in providing global air, land, and sea transportation to meet national security objectives in peace and war by maintaining command and control of lift forces and logistical infrastructure, setting operational lift policy, providing crisis planning for force deployment and sustainment, and improving the common-user lift system.

**2. Command.** The 954 RSPTF is located at Scott AFB IL and reports to HQ AFRC.

**3. Relationships to Other Units.** Established command channels apply. The 954 RSPTF operates at major air command level and as such is authorized normal communication channels with units, numbered air forces, other major air commands, air staff, and other departments/agencies.

**4. Organizational Changes.** Submit changes to the organizational structure to HQ AFRC/XPM, according to AFI 38-101, *Air Force Organization*.
